

SAHANACAMP @ AIT - THAILAND

INDIVIDUAL ACTION PLANS

INSTRUCTIONS

Action plans list ideas that you would like to try when you return to your work, based on what you have learned in this *SahanaCamp*.

Take 10 minutes to list the items that you think you can do within 2 months, after 2 months or as the opportunity arises.

Give the attached form back to the workshop organizers so they know the actions you want to try. Those actions will be summarized in a report and shared with you for your records. Keep a copy for yourself by taking a photo of the form on your mobile phone.

Now take a few moments and think about some possible action items.

Here are some examples.

I plan to:

- share the knowledge of the SahanCamp within my organization
- visit the sahana-eden demo (<http://demo.eden.sahanafoundation.org/eden/>) site to research it's capabilities
- download and install a copy of the Sahan software
- talk to my superior about introducing Sahana software in our organization
- send the Sahana community an email about further information I need for using the Sahana software in my work
- send an email to the SahanaCamp organizers with implementation questions
- etc your action plan is your own so we are looking forward to hearing more about your ideas
